

Gainful Employment Disclosures - 2019

Program Name: Cardiac Electrophysiology Technologist

This program is designed to be completed in 18 months.

This program costs \$24,185 if completed within normal time. There may be additional costs for living expenses. These costs were accurate at the time of posting, but may have changed. The cost of the program includes books and supplies.

Of the students who completed this program within normal time, the typical graduate leaves with \$18,801 of debt for the median cumulative debt amount for all Title IV students including private, institutional, and Federal student debt for students who received Title IV aid at any point for attendance in the program.

The State of Michigan does not have licensure requirements for this profession.
